MÄLARDALEN REAL-TIME
RESEARCH CENTRE

Swedish Foundation for Strategic Research

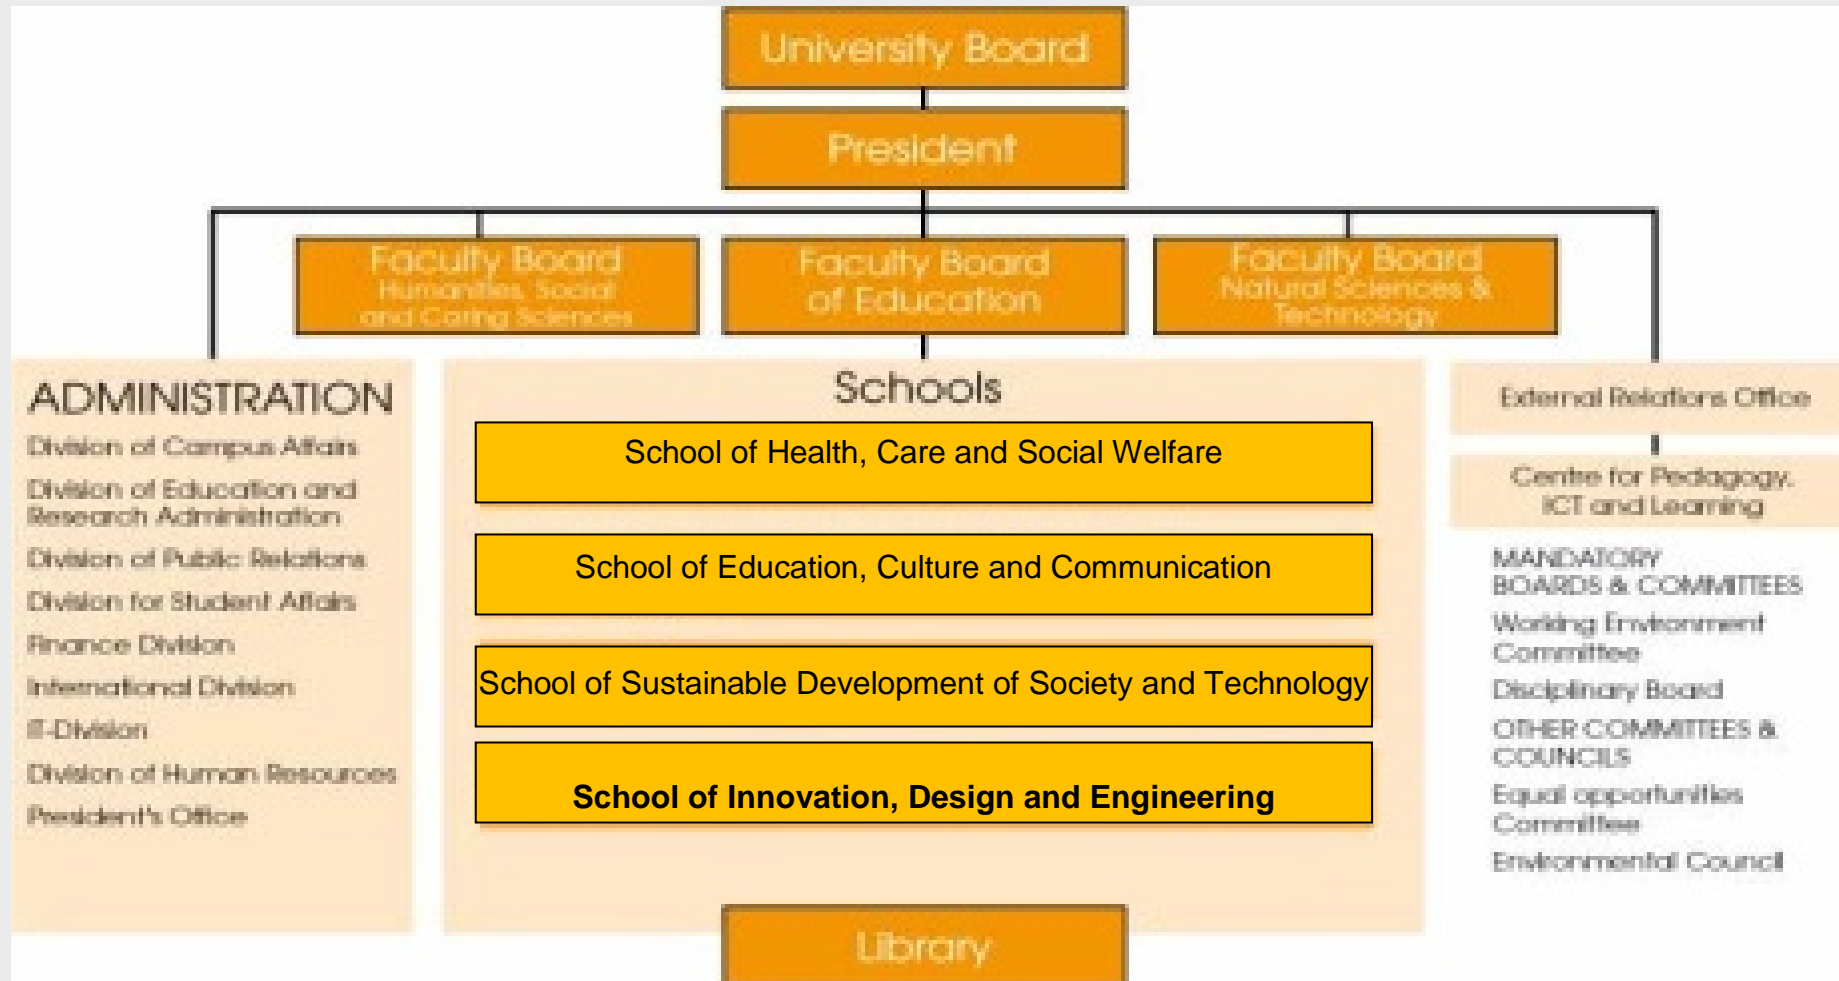

Welcome to Västerås

Facts and figures

- With approximately 15,000 students Mälardalen University is Sweden's second largest institute of higher education.
- We were also the first university in the world to be environmentally certified.
- The University's close linkages with trade and industry are an important factor in our graduates' success in the labor market after graduation.
- Mälardalen University also educates most entrepreneurs in Sweden.
 - Founded in 1977
 - 15,000 students
 - 2 campuses
 - 1,080 employees
 - 42 professors
 - Approx. 850 courses (modules)
 - Approx. 60 programs
 - Approx. 40 supplementary courses and programs
 - 15 International Master programs
 - 4 schools

IDT – School of Innovation, Design and Engineering

Staff – ca 200 employees

- 1. SE - Division of Software Engineering**
- 2. ES - Division of Embedded Systems**
- 3. CSN - Division of Computer Science and Networks**
- 4. IFT - Division of Intelligent Future Technologies**
5. ID - Division of Information Design
6. PDL - Division of Production, Design and Logistics
7. IEB - Division of Innovation, Entrepreneurship and Business Creation

Research Projects

- PROGRESS (national centre of excellence – 4M€ - 6 years)
- SAVE, SAVE++ (National project – 4M€)
- SAVE-IT Industrial projects (ABB, Ericsson, Volvo -2M€)
- Hi5 – National projects (1M€ 4 years)
- Q-Impress, ALL-TIMES (FP7 STREP)
- ARTIST (EU NoE)
- FLEXI – ITEA2 Project
-
- Funding:
 - 2,5 M€ per year (this includes personal costs)
 - 70% externally funded

MDH –Croatia research cooperation

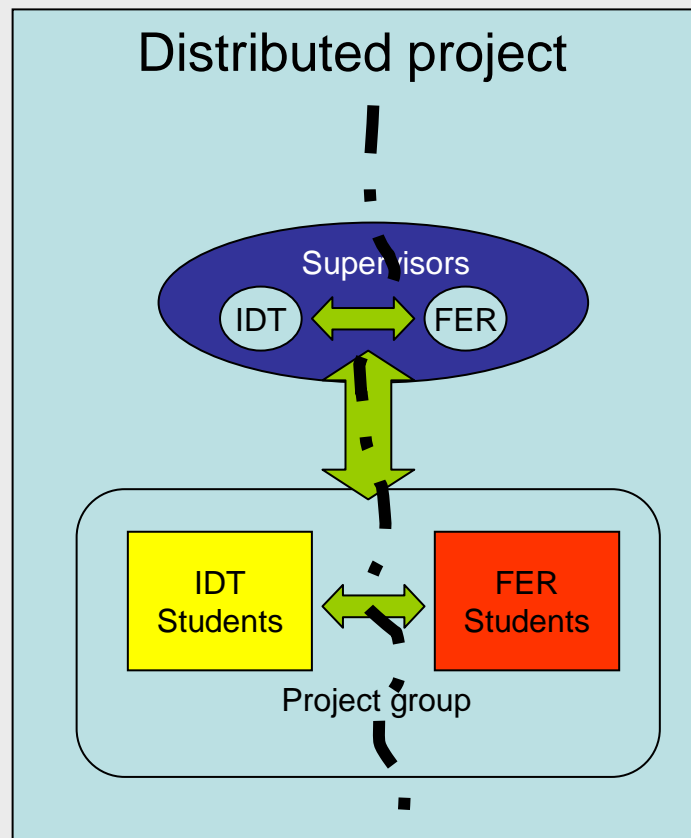

- Projects:
 - EU TEMPUS
 - KISEK - Collaborative Internationalisation of Software Engineering in Croatia, <http://www.fer.hr/kisek>
 - Croatia – Unity to knowledge Fund –
 - DICES - Distributed Component-based Embedded Software Systems, <http://www.fer.hr/dices>
 - FER Zagreb, FESB Split, Ericsson Nikola Tesla, MDH
 - Funding 200 k€ + (at least) 20 k€ from Ericsson
 - 3 Phd Students from FER + Senior lecturer from FESB, 3 Profs 10% involvement (local investment)
 - Idea: Double PHD degree – registration at FER & MDH
 - Longer stays at MDH
 - Challenge: how to achieve double degree
 - Challenge: ensure the full funding
 - EU FP7 STREP – Q-IMPRESS, Quality Impact Prediction for Evolving Service-oriented Software, <http://www.q-impress.eu/Q-ImPrESS/CMS/index.html>
 - Ericsson Nikola Tesla, Zagreb

EDUCATION - MDH – Croatia cooperation

- MDH – FER
- DSD – Distributed Software Development

FER Students are registered at FER and MDH
Positive experience:

- Students like it and are motivated
- Students work hard
- Students learn more than techniques

Challenges

- Administrative differences
time, ECT

Challenges for students:

- to overcome the differences
- to start to work enough early

<http://www.fer.hr/rasip/dsd>

EDUCATION - MDH – Croatia cooperation

- MDH – FER
 - Part of PHD course on FER (Ivica)
 - Private initiative, not directly visible on MDH
 - NEW initiative
 - Common MSC /BSC Thesis
 - common supervision – Mario & Ivica
 - Common registration and recognition of the thesis (the thesis, not the entire exam)
 - The “distance supervision”
 - The first cases – the future PHD students
 - The business model – double registration
- MDH – ETFOS
 - A PHD course planned in ETFOS (Ivica)
- MDH – FOI – Varazdin (Ivica)
 - PHD course in 2007 – a combination of visits and lectures/projects on distance
 - The students registered at MDH and FOI
- MDH – ZSEM (Zagreb’s school of Economy and Management) (Ivica)
 - Undergraduate course – Software Engineering and Management
 - Double registration
 - a combination of visits and lectures/projects on distance

Studying at Mälardalen University

- Education free of charge
- Accommodation guaranteed
- Computer facilities and modern laboratories
- Pleasant study environment
- New learning processes
- Services for disabled students
- Social events organized for guest students

Undergraduate programs

- Computer Science
- Electronics
- Robotics
- Interactive Programming and Computer Games

Master International programs

- Software Engineering
 - Software Architecting Profile
 - Real-time Embedded Systems Profile
- Real Time Embedded Systems
- Robotics
- Electronics & Intelligent systems

Software Engineering

- Efficient and high quality Software Engineering becomes necessary for software intensive systems to
 - Focus on
 - Software Architecture
 - Embedded systems

SE European Master Common SE program

- Mdh – Sweden
- Vrije University – Amsterdam
- Westminster University – London
- L'Aqualia University, Italy

Cooperation with Croatia

- MDH – FER
 - A common course on a master level
 - Guest professor at FER
 - Guest student at FER
 - (organizing conferences☺)
- MDH – FOI (Varazdin)
 - Postgraduate course
- MDH – ETF Osijek
 - plan for a postgraduate course
- MDH – ZSEM (School of Economics)
 - SE for economists
- Discussing a cooperation with Uni Dubrovnik
- Several unsuccessful applications, some successful, and at least one pending...
-
